

Description

ProSource TF is a Food for Special Medical Purposes for use under medical supervision. ProSource TF is a low volume, high protein (11g / 45ml), low calorie, low electrolyte, ready to use supplement suitable for patients with increased protein requirements. ProSource TF contains all essential & non essential amino acids. ProSource TF is milk free and has a consistency similar to water. ProSource TF is for enteral tube feeding use only. ProSource TF is Halal certified.

Presentation & Pack Size

Presented in 45ml sachets. Available in packs of 100 x 45ml sachets.

Flavours

ProSource TF is available unflavoured.

Indications

For the dietary management of conditions requiring supplementation with protein. ProSource TF is ACBS approved and prescribable on FP10/GP10 for the following indications: Hypoproteinaemia

Precautions & Contra-indications

Must be used under strict medical supervision. For enteral use only. Not suitable as a sole source of nutrition. Not recommended for children under 3 years of age. May not be suitable for vegetarians and other groups due to processing of some of the ingredients. Contains beef derivatives.

Administration & Dosage

ProSource TF should be administered by a clinician or dietitian. Dosage is dependent on the age, body weight and medical condition of the patient.

Directions for Use

ProSource TF is a ready to use liquid and can be administered without the need for pre-mixing via an enteral feeding tube.

Enteral Tube Feeding – Flush feeding tube. Infuse ProSource TF via enteral feeding tube using an enteral syringe. Once infused, flush tube and then continue enteral tube feeding as prescribed.

Shelf Life & Storage

ProSource TF has a shelf life of 18 months from date of manufacture. Store unopened at room temperature (not exceeding 25°C). Once opened, consume immediately.
