WE'VE CUPPED THE AMINO ACIDS

ProSource 20 is a new generation modular supplement containing 20g of a unique protein, that delivers on average over 50% more essential amino acids (EAA) than flavoured protein shot-type products (Figure 1), without compromising on taste.

Figure 1: EAA and leucine content of ProSource 20 vs. flavoured protein shot-type products (per g protein)

Research shows that the EAA content of protein is associated with the stimulation of muscle and whole-body protein synthesis.¹

...and cut the plastic

Presented in a versatile 60ml recyclable cup, ProSource 20 uses 77% less plastic than a typical 60ml plastic shot bottle*.

*Based on average 60ml shot bottle weight of 18.2g and ProSource 20 cup weight of 4.1g

¹Church DD *et al.* *Nutrients*. 2020;12(12):3717

PROSOURCE 20 IN SUMMARY

Available in a great tasting red berry flavour and with a consistency similar to water, ProSource 20 is easy to take orally straight from the cup.

Furthermore, the consistency means that the product can be administered enterally without any need for pre-mixing or decanting.

5.14g of EAA in
each 60ml cup

20g protein in
each 60ml cup

1.22g of leucine in
each 60ml cup

Low
electrolytes

Great tasting
red berry
flavour

Enteral use without
need for decanting
or pre-mixing

Halal Certified

Recyclable cup that uses
77% less plastic than a 60ml
plastic shot bottle*
